# **Test Plan for Embleema Test Application**

### **Objective**

The objective of this test plan is to verify that the application's login, registration, password reset, and user detail functionalities operate as expected. This includes ensuring all UI elements, functional requirements, and validation processes meet specified standards.

### Scope

This test plan encompasses the following features:

### 1. Login Screen

 Verify the functionality of the login process, including user authentication and error handling.

### 2. Forgot Password Screen

 Verify user registration functionality, including field validations, error messages, and successful account creation.

#### 3. Register Screen

 Verify the password reset request functionality, ensuring that users can initiate and complete password resets effectively.

#### 4. User Profile Screen

 Verify the display and functionality of user profile information, ensuring data accuracy and accessibility.

#### **Test Environment**

Web Browser: Google Chrome

Operating System: Windows 11

**Author: Nishant Jha** 

# **Test Suite and Test Cases**

# Test Suite 1: Login Screen Test Suite

- Valid user id: <user\_id> = app@testing.com
- Valid user password: <user\_pass> = apptesting
- Application Login URL: http://localhost:8090

Suite	Test Case ID	Test Case Title	Steps	Expected Result	Actual Result	Bug Number	Test Step Result
		Shared Steps between Test cases	1. Open Login screen	Login screen must be displayed	Login screen is displayed properly	N/A	Pass
Login Screen	TC-1.1	Verify login form UI elements	2. Check for 'Email', 'Password', 'Login', 'Register', and 'Forgot Password' elements	All elements should be present and aligned correctly	All elements are properly displayed	N/A	Pass
Login Screen	TC-1.2	Successful login with valid credentials	2. Enter valid: <user_id> and: <user_pass></user_pass></user_id>	Email ID and password must be entered successf ully	Email ID and password are entered successf ully	N/A	Pass
			3. Click 'Login' button	User should be redirecte d to the Registere d User Details screen	Registere d user screen is displayed	N/A	Pass

Login Screen	TC-1.3	Unsuccessf ul login with invalid credentials	2. Enter invalid email as 'app@test.com'/ password as 'appte'	Email ID and password must be entered successf ully	Email ID and password are entered successf ully	N/A	Pass
			3. Click 'Login' button	Error message 'Invalid credential s' should be displayed	Error message 'Invalid credentia ls' is displayed . User stays on Login page	N/A	Pass
Login Screen	TC-1.4	Attempt to login with missing email	2. Leave email blank and password as 'appte'	password must be entered successf ully	password is entered successf ully	N/A	Pass
			3. Click 'Login' button	Error message "email" is not allowed to be empty' should be displayed	Error message "email" is not allowed to be empty' is displayed . User stays on Login page	N/A	Pass

Login Screen	TC-1.5	Attempt to login with missing password	2. Enter invalid email as 'app@test.com'/ password as blank	email must be entered successf ully	email is entered successf ully	N/A	Pass
			3. Click 'Login' button	Error message "passwor d" is not allowed to be empty' should be displayed	Error message "passwor d" is not allowed to be empty' is displayed . User stays on Login page	N/A	Pass
Login Screen	TC-1.6	Navigate to Forgot password page	2. Click 'Forgot Password' link	Forgot Password page must be displayed	Forgot Password page is displayed successf ully	N/A	Pass
Login Screen	TC-1.7	Navigate to Register Page page	2. Click 'Register' button	Registrati on page must be displayed	Registrati on page is displayed successf ully	N/A	Pass

## Test Suite 2: Forgot Password Screen Test Suite

- Valid user id: <user\_id> = app@testing.com
- Invalid user id: <invaliduser\_id> = app@testin.frsvsd
- Unknown user id: <unknownuser\_id> = abc@abc.com
- Valid user password: <user\_pass> = apptesting
- Application Login URL: http://localhost:8090

Suite	Test Case ID	Test Case Title	Steps	Expected Result	Actual Result	Bug Number	Test Step Result
		Shared Steps between Test cases	1. Open Login screen and click on Forgot Password link	Forgot password screen must be displayed	Forgot password screen is displayed properly	N/A	Pass
Forgot Password Screen	TC-2.1	Verify resert password form UI elements	2. Check for 'Email Address' field and 'Send Reset Link' button	All elements should be present and aligned correctly	All elements are properly displayed	N/A	Pass
Forgot Password Screen	TC-2.2	Successful password reset request	2. Enter valid: <user_id>, <user_pass></user_pass></user_id>	Email ID must be entered successf ully	Email ID is entered successf ully	N/A	Pass
			3. Click 'Send Reset Link'	Confirma tion message should appear, indicating that reset instructio ns were sent	Registere d user received an email to reset password	N/A	Pass

Forgot Password Screen	TC-2.3	Unsuccessf ul password reset request with invalid email	2. Enter invalid : <invaliduser_id></invaliduser_id>	Email ID must be entered successf ully	Email ID is entered successf ully	N/A	Pass
			3. Click 'Send Reset Link'	Error message "email" must be a valid email' should be displayed	Error message "email" must be a valid email' is displayed . User stays on Reset Password page	N/A	Pass
Forgot Password Screen	TC-2.4	Unsuccessf ul password reset request with unregistered email	2 Enter unknown user id: <unknownuser_ id=""></unknownuser_>	Email ID must be entered successf ully	Email ID is entered successf ully	N/A	Pass
			3. Click 'Send Reset Link'	Error message 'User not found' should be displayed	Error message 'User not found is displayed . User stays on Reset Password page	N/A	Pass

Forgot Password Screen	TC-2.5	Attempt to reset password with empty email field	2. Leave email blank	No value must be displayed in the email field	Email field is observed to be empty	N/A	Pass
			3. Click 'Send Reset Link'	Error message " "email" is not allowed to be emptysho uld be displayed	Error message " "email" is not allowed to be emptyis displayed . User stays on Reset Password page	N/A	Pass
Forgot Password Screen	TC-2.6	Navigate back to login page	2. Click LOGIN link at the top right corner of the page under reset password page	Login Page must be displayed	Login Page is displayed successf ully	N/A	Pass
Forgot Password Screen	TC-2.7	Navigate to Register Page	2. Click 'Register' at the top right corner of the page under reset password page	Register Page must be displayed	Register Page is displayed successf ully	N/A	Pass

### Test Suite 3: Register Screen Test Suite

- Valid user id: <user\_id> = app@testing.com
- Invalid user id: <invaliduser\_id> = app@testin.frsvsd
- Valid user password: <user\_pass> = apptesting
- Invalid user password: <invaliduser pass> = app
- Valid Phone number: <valid\_phone\_no> = 0123456789
- Invalid Phone number: <invalid\_phone\_no> = 012345678t
- Valid Social Security number: <valid ssn no> = 0123456789
- Invalid Social Security number: <invalid\_ssn\_no> =012345678t
- Valid Physician First Name: <valid\_phy\_fn> = Peter
- Invalid Physician First Name: <invalid phy fn> = T
- Valid Physician Last Name: <valid phy ln> = Pan
- Invalid Physician Last Name: <invalid\_phy\_ln> = C
- Valid Care Site Name: <valid cs name> = Paris
- Invalid Care Site Name: <invalid cs name > = P
- Valid Care Site Address: <valid\_cs\_address> = 28 rue de Notre Dame
- Invalid Care Site Address: <invalid cs address> = 28 r
- Valid Care Site Address: <valid\_cs\_address> = 28 rue de Notre Dame
- Valid Blood Type: <valid\_blood\_type> = O-
- Valid DOB: <valid\_dob> = 2001/02/01
- Valid Sex: <valid sex> = Male

• Valid Physician Title: <valid\_phy\_titile> = Dr.

• Valid User First Name: <valid\_user\_fn> = Sherlock

• Invalid User First Name: <invalid\_user\_fn> = S

• Valid User Last Name: <valid\_user\_ln> = Holmes

• Invalid User Last Name: <invalid\_user\_ln> = H

Suite	Test Case ID	Test Case Title	Steps	Expected Result	Actual Result	Bug Number	Test Step Result
		Shared Steps between Test cases	1. Open Login screen and click on Register button	Registrati on Page must be displayed	Registrati on Page is displayed properly	N/A	Pass

Register Screen	TC-3.1	Successful User Registration	2. Enter valid values as below <valid_user_fn> ,<valid_user_ln>,<valid_phone _no="">,<valid_ssn _no="">,<valid_blo od_type="">,<valid _sex="">,<valid_do b="">,<valid_phy_f n="">,<valid_phy_f n="">,<valid_phy_l itile="">,<valid_cs _name="">,<valid_cs _name="">,<valid_cs _valid_user_fn="">,&lt; valid_user_ln&gt;,<valid_user_ln>, <user_id>,<user_ln>,</user_ln></user_id></valid_user_ln></valid_cs></valid_cs></valid_cs></valid_phy_l></valid_phy_f></valid_phy_f></valid_do></valid></valid_blo></valid_ssn></valid_phone></valid_user_ln></valid_user_fn>	All values must be entered successf ully	All values are entered successf ully	N/A	Pass
			_pass> 3. Click Register button	User is redirecte d to Login Page	Login Page is displayed	N/A	Pass
			4. Enter earlier used valid: <user_id> and: <user_pass> and click Login button</user_pass></user_id>	Registere d user profile user is displayed	Registere d user is able to login successf ully	N/A	Pass
